## Critical Information Summary

## Clear nbn ${ }^{\text {TM }}$ Fibre 120GB 100/40

24 Month Contract

## Information About the Service

## Description

The $n b n^{\text {TM }}$ Fibre to the Premises ( $n b n^{\text {TM }}$ FttP) service is a residential grade broadband internet service delivered using nbn fibre equipment connected to your premises with a Peak Information Rate of up to 100mbps down and 40mbps up.

## Requirements, Availability and Limitations

The nbn ${ }^{\text {TM }}$ FttP Service is only available to those who are in the nbn ${ }^{\text {TM }}$ FttP area. (Check our website for coverage at your address.)
Peak speeds refer to the speed delivered to the nbn ${ }^{\text {TM }}$ FttP technology installed at the customer's premises. They are not necessarily equivalent to the speeds you will achieve in practice. Actual speeds will be affected by many external factors which include the number of end-users using the service at the same time, the hardware, software, the connection within the premises (e.g. a wireless router may not operate at the speed of your fibre connection) and the type/source of content being downloaded.

Your data usage is counted in both directions, so if you download 10GB and upload 5GB then your total is counted as 15GB. Your Data Allowance can be used at any time. If you exceed your Data Allowance, your Peak Information Rate will be reduced to 128/128kbps for the remainder of your billing period. If you then continue to download data, your Peak Information Rate will be progressively reduced. There is no Excess Usage charge.

## Equipment Needs

You will require an nbn ${ }^{T M}$ connection box (Network Termination device or NTD), installed for free at your premises by an nbn installer as part of its network rollout. nbn ${ }^{\text {TM }}$ retains ownership of the FttP equipment and will service and maintain it. You will need also need a router if you wish to use multiple devices at once on your nbn ${ }^{\text {TM }}$ FttP service. If you do not already own one, Clear Networks can sell you a suitable device at an additional cost. You are advised to choose a router from our list of hardware options.

## Minimum Term

This nbn ${ }^{\text {TM }}$ FttP plan option features a minimum 1 month agreement. (Also available with 12, 24, 36 month minimum terms.) A 12 month or longer agreement gives access to discounted hardware and lower activation fees.

## Bundling

This service is not conditional on having a phone line with us. If you choose to purchase a ClearTalk service, your broadband service will be discounted by $\$ 10$ a month.

## Included Features

There are a range of value-added features included with $\mathbf{n b n}^{\text {TM }}$ FttP, with further details on our website;

| Anytime data | 5 email addresses | Data Blocks | 100MB of Webspace |
| :--- | :--- | :--- | :--- |
| Static IP address | Free spam-virus filter | Equipment discounts | Free Plan Change (1 per month) |

## Information About Pricing

## Installation Fee

Installation is free on a 24 month agreement.

## Monthly Charges

The Clear nbn ${ }^{\text {TM }}$ Fibre 120GB 100/40 24 Month Contract plan has a:

- Monthly Charge of $\$ 74.95$
- Unit cost of $\$ 0.62$ per 1GB of data
- Peak Speed of 100 mbps down/40mbps up
- Typical evening speed of 70 mbps
- Monthly Data limit of 120GB

## Total Minimum Price

On a 24 month agreement the Total Minimum Price is $\$ 1,798.80$, comprising 24 months at $\$ 74.95$ per month.

## Excess Usage

Both upload and download count towards your monthly included data. There are no excess usage charges, instead traffic beyond the included data quota will be slowed to $\mathbf{1 2 8 k b p s} / \mathbf{1 2 8 k b p s}$. You can purchase data blocks to remove your shaping. Prices and options are available on our website. It may take up to an hour for your speed to return to normal.

## Notice of Cancellation

Clear requires thirty (30) days' notice of cancellation in writing, if you decide to close your account. Your service will be cancelled 30 days after we reply in writing to confirm your cancellation request.

## Early Termination Charge

If you cancel your service prior to the end of your contract term you will incur early termination charges. These are calculated by multiplying the number of outstanding contract months times the minimum monthly contract charge.

## Other Information

## Usage Information

Customers can monitor their nbn ${ }^{\text {TM }}$ FttP usage at myclear.clearnetworks.com.au.

## Customer Service Contact Details

| Contact | Sales | Customer Care / Technical Support |
